

T/9x

The Flagship of Performance and Design

The T/9x delivers exceptional power, dynamics, and clarity, making it the ideal choice for music and home theater enthusiasts. With a 300-watt Class A/B amplifier and an advanced 10-inch active driver paired with a 10-inch passive radiator, the T/9x provides deep, precise, and fast bass that transforms your listening experience. Available in sophisticated grey, black, and white finishes, it combines high performance with a modern, elegant design.

Precision Engineering and Sophisticated Style

Crafted with increased cabinet volume and refined driver suspension, the T/9x offers enhanced output and control, delivering fuller sound without sacrificing clarity. Its innovative alloy/fiber bass engine and minimalist design make it a perfect match for high-performance speakers, while its gently rounded corners and clean lines ensure it complements any interior.

Proven Amplification and Seamless Integration

The T/9x features REL's signature 300-watt amplifier, known for its reliability and power. High-Level Input connection and fast filters allow it to blend naturally with your system, providing a dynamic sound that enriches every experience. The T/9x embodies the best of REL's engineering and design, making it a standout choice for those seeking exceptional audio performance.
